

Prescribed Burning on Private Lands

Thursday, September 11, 2014 from 9:00 AM – 4:00 PM
Jones Lake State Park

Whether you are a single tract landowner or manage thousands of acres, prescribed fire training should be part of your land management plan. Your fire application should be conducted in such a way to ensure that your management objectives will be met, while minimizing the likelihood for escaped fire and smoke liability. This one-day workshop will outline benefits of using fire as a management tool on your property, where to go and who to contact when you need assistance, and how burns are conducted safely and successfully.

This one day workshop costs \$10/participant and includes lunch, refreshments, and transportation to and from the site visit of Bladen Lakes State Forest.

A prescribed burn will be conducted if weather permits. Continuing Education credits are currently being considered.

Address for
Jones Lake Center:

4117 NC Hwy 242
Elizabethtown, NC 28837
